## **Rules and Regulations**

Catholic Cemeteries, Inc., an Alabama non-profit corporation, is a ministry of the Archdiocese of Mobile to provide for burial of the dead as a corporal work of mercy honoring the children of God.

The following Rules and Regulations have been adopted for the mutual protection of the cemeteries owned by Catholic Cemeteries, Inc., (sometimes hereinafter referred to as “the Cemeteries” or the “Owner”) individual Certificate of Interment Rights Holder(s), (sometimes hereinafter referred to as “Certificate Holders” or “Certificate Holder”), and visitors to the Cemeteries. All Certificate Holders and visitors within the Cemeteries and interment rights to lots, crypts, niches and spaces sold shall be subject to these Rules and Regulations. Any reference to Rules and Regulations in any purchase agreement, interment authorization, disinterment authorization, or other related document entered into by the Owner or the Cemeteries and any Certificate Holder shall have the same force and effect as if these Rules and Regulations were set forth in full therein.

Catholic Cemeteries, Inc., expressly reserves the right, at any time, in its sole discretion without prior notice to any Certificate Holder, to adopt new Rules and Regulations or to amend, modify or repeal any section, paragraph, sentence or portion of these Rules and Regulations.

These General Rules shall apply to the cemeteries owned by Catholic Cemeteries, Inc. which are identified on Exhibit A attached hereto. Additionally, if applicable, particularized rules, regulations, fees, hours of operation, memorials and other requirements for individual cemeteries operated by Catholic Cemeteries, Inc. are set out in Exhibit B attached hereto.

### **A. GENERAL PROVISIONS**

1. None of the Cemeteries owned and operated by the Owner are perpetual care cemeteries and none are under any obligation to maintain any set standard for the care and upkeep of the Cemeteries.

2. The Cemeteries are set apart for the exclusive burial of human remains and shall forever be used only as such.

3. The Owner is responsible for the administration of the Cemeteries owned by it and for the enforcement of all rules, regulations, policies, and procedures. The Owner supervises and authorizes all work within the boundaries of the Cemeteries and shall have authority to cause the expulsion from the Cemeteries of any person who violates the Rules and Regulations or whose conduct is considered contrary to the accepted decorum of the Cemeteries.

4. The Owner, its member, directors, officers, agents, and employees shall not be liable for errors or damages, which may occur as a result of improper, or misinterpretation of,

telephone instructions from Certificate Holders, their representatives, or funeral directors acting on behalf of the Certificate Holders, or their heirs.

5. The Owner reserves and shall have the right to correct any errors that may be made by it in making interments, disinterments, or sales, transfers or conveyances of interment rights to lots, crypts, niches, or spaces, including the right to substitute and convey in lieu thereof other interment rights to lots, crypts, niches, or spaces of comparable value and similar location (to the extent possible) as may be selected by the Owner. Alternatively, the Owner, in its sole discretion, may refund the amount of money paid on account of the purchase of interment rights. In the event such error shall involve the interment of the remains of any person in any incorrect location, the Owner reserves and shall have the right to remove and transfer such remains so interred to the correct location or to a similar location of comparable value, as may be selected by the Owner. The Owner, its member, directors, officers, agents, employees, and the Cemeteries shall have no liability as a result of any errors of the type described in this paragraph other than its obligation to take the remedial actions described in this paragraph.

6. The Owner reserves the right to enlarge, reduce, replat or change the boundaries or grading in any of the Cemeteries or of sections thereof, from time to time, including the right to modify or change the locations of, or remove or regrade, features, roads, drives, trees, shrubs, flowers, landscaping and walks. The Owner further reserves the right to lay, maintain, operate, alter or change pipelines or gutters for sprinkling systems, drainage and lakes as well as the right to use its cemetery properties, not sold to Certificate Holders, for cemetery purposes, including the interring and preparing for interment of dead human bodies, or for anything necessary, incidental or convenient thereto.

The Owner shall have sole and exclusive authority with respect to the planting, sodding, surveying and improvements within the Cemeteries.

7. The Owner reserves the perpetual right of ingress and egress over all lots within the Cemeteries.

8. The Owner does not insure personal property of Certificate Holders. Grave markers, monuments, benches, contents of niches and similar items are deemed to be the personal property of individual Certificate Holders and/or their families. They are not the property of the Owner. Accordingly, customers are encouraged to speak with their personal insurer if they wish to insure their personal property which is located in any of the Cemeteries.

9. Contractors or employees are not permitted to do any work for Certificate Holders without approval of the Owner and are prohibited from receiving tips or gratuities. All contractors or service providers shall maintain general liability insurance in the amount of not less than one million dollars (\$1,000,000) per occurrence. Contractors shall by endorsement to the policy cause Owner to be named as an additional insured under said policy and provide said endorsement to Owner.

10. Cemetery hours are posted at the Cemeteries' entrances.

11. Special cases may arise in which the literal enforcement of a rule may impose unnecessary hardship. The Owner reserves the right to make exceptions, suspensions, or modifications to any of these rules and regulations without notice when, in the judgment of the management, such action appears necessary or desirable. Any such temporary exception, suspension, or modification shall in no way be construed as affecting the general application of these rules and regulations, and shall not act as a waiver of any of the provisions herein.

12. Conduct within the Cemeteries:

- (a) Visitors are reminded that cemetery grounds are considered sacred and observance of accepted decorum shall be required at all times.
- (b) Visitors will use the walks and roads provided. In the event of injuries, the Owner, its member, directors, officers, agents, employees, and the Cemeteries are in no way liable.
- (c) Pets (other than service animals), food, and firearms, other than those carried by police officers or used in military honor funeral services, are prohibited in the Cemeteries.
- (d) No person shall interfere with the proper conduct of a funeral or with the burying or exhuming of a body in the Cemeteries without legal cause.

13. No person shall drive any vehicle within the Cemeteries, except upon the driveways prepared and designated for that purpose, and such vehicles shall not be operated in excess of the posted speed limit. Vehicles shall drive on the right side, and shall not drive or park off the hard-surfaced roads. Parking or leaving any vehicle on any road or driveway within the Cemeteries at such location or in such position as to prevent any other car or vehicle from passing the same is prohibited; and if so parked or left, the management reserves the right to have the vehicle removed.

14. No person shall desecrate, injure, break, cut, or disturb any cemetery, lot, grave, crypt, niche, tomb, gravestone, monument, fence, tree, shrubbery, or wildlife within the Cemeteries.

15. A receptacle for waste materials is located in each of the Cemeteries. The placing or disposing of debris at any other location is prohibited.

16. The sale of any item or service on cemetery property is strictly prohibited unless authorized by the Owner. Approaching the bereaved for the purpose of soliciting any business within the Cemeteries is prohibited.

17. Any person entering any of the Cemeteries, other than during posted visiting hours, without prior authorization from the Owner will be considered a trespasser.

B. CEMETERY CARE

1. The Cemeteries are not perpetual care cemeteries. General care of the Cemeteries includes the cutting and watering of grass, debris removal, fertilization, and periodic pruning of shrubs and trees. The Owner is under no obligation to maintain any set standard for care and upkeep of the Cemeteries' grounds.

2. The Owner is not responsible for the loss of any plantings or decorations and is not responsible for any damage to memorials in the Cemeteries.

Grave decorations of all kinds will be removed when in the judgment of the Owner the grave decorations do not conform to the decorum of the Cemeteries.

3. The planting or placing of shrubbery, plants, flowers, or grass must be approved by the Owner prior to planting or placing of shrubbery. The encirclement of plants or shrubs around a gravesite is prohibited. Should a Certificate Holder wish to donate a tree or other plant material to be placed in a walkway or parkway adjacent to a burial space arrangements must be made through the Owner prior to planting or placing of shrubbery.

If any tree, shrub or plant, by means of its roots, branches, or otherwise, becomes detrimental to the interment space upon which it stands or to any adjacent interment spaces or avenues, or if for any other reason its removal is deemed necessary, the Owner shall have the right to remove such tree, shrub or plant, or any part thereof, or otherwise correct the condition existing as, in its judgment, it deems best. In the event of any such removal, the Owner shall have no obligation to replace the removed tree, shrub or plant.

4. No persons, other than the duly authorized contractors or employees of the Owner shall be allowed to perform any work within the Cemeteries, without written authorization issued by the Owner, and any such work so authorized shall be subject to all provisions contained herein pertaining to such activity.

5. The Owner retains the authority to intervene at any time to ensure that the maintenance of all lots, crypts, niches, and spaces meet the standards established by the Owner.

6. The Owner will perform all care, improvements, and alteration work. The tapping into water lines by private persons is prohibited. Should a Certificate Holder wish to set out watering devices for short duration, permission must be obtained from the Owner and the Certificate Holder is responsible for cutting the water off and removing the irrigation device after a set period of time. The Owner has the right to remove any watering device running unattended, and shall not be responsible for the storage or security of any such watering device.

7. The Owner reserves the right to make any changes deemed necessary as to grading, roads, utility lines and such similar work without notice or approval of Certificate Holders.

C. SALES AND TRANSFERS OF INTERMENT RIGHTS

1. The sale or transfer of any interment right by any Certificate Holder shall not be binding upon the Owner unless such sale or transfer is first approved in writing by a duly authorized representative of the Owner and is in accordance with these Rules and Regulations. This procedure is required in order that the Owner may at all times have a complete and accurate record of all Certificate Holders. The Owner shall make available to Certificate Holders, upon request, the necessary forms to affect any sale or transfer of interment rights.

2. Interment or entombment or the placing of a memorial shall not be permitted until the purchase price of the lot, crypt, niche, or space has been paid in full, unless financial arrangements have been approved in advance by the Owner.

3. The Purchase Agreement, Interment Authorization, or in the case of pre-need sales a Certificate of Interment rights and the Rules and Regulations and any amendments thereto shall constitute the sole agreement between the Owner and the purchaser and no other agreement, not in writing, shall be recognized by the Owner. In the case of pre-need sales, a Certificate of Interment rights shall be issued only on the payment in full of the Purchase Agreement.

4. It is the responsibility of the Certificate Holder to keep the Owner informed as to their correct mailing address. Notices or other correspondence mailed to Certificate Holders, their heirs or Legal Representatives to the address on file with the Owner shall constitute actual delivery and notification.

5. No transfer or assignment of any space or interest therein shall be valid without prior consent of the Owner. Consent for transfer or assignment shall be withheld until payment for the space is received in full. It is the responsibility and burden of a Certificate Holder's heirs to establish interment rights. No interment of family or heirs shall be allowed absent evidence satisfactory to the Owner of their interment rights' interest.

6. Any and all transfers of any interment right, whether the same be by conveyance, assignment, bequest or otherwise, are subject to all Rules and Regulations of the Owner, which now exist or which may be hereafter enacted or amended. All transfers of interment rights shall be subject to a transfer fee, which fee must be paid to the Owner when the transfer is recorded in the Cemeteries' records. No transfer shall be effective until all transfer fees are paid.

7. The subdivision of interment rights or partition of interment spaces is not allowed without the written consent of the Owner.

8. All agreements for the purchase of interment rights in the Cemeteries must be on forms approved and signed by an authorized representative of the Owner.

9. The Owner may, at its option, accept exchanges of interment rights when desired by Certificate Holders, subject to prior written approval of an authorized representative of the Owner. When such an exchange is made, the original Certificate of Interment Rights must be surrendered to the Owner and/or the Certificate Holder shall provide such other documentation as the Owner may require. The Owner reserves the right to charge a fee for any such exchange.

10. Removal of interred, entombed or inurned remains by heirs, Certificate Holders or any other person having an interest in any human remains in the Cemeteries for the purpose of reselling the interment rights, is prohibited without permission of the Owner.

11. Interment rights shall be purchased solely for the purpose of personal or family interment or the interment of the person designated in the Purchase Agreement or Certificate of Interment Rights, and not for purposes of investment or speculation. The demand for, or receipt of, any compensation by a Certificate Holder for allowing interment in an interment space with respect to which the Certificate Holder owns interment rights is prohibited. The Owner may refuse a transfer of any interment right to any lot, crypt, niche, or space if it determines that, in its sole discretion, the purpose of the desired transfer is investment or speculation.

12. If there are cemetery spaces in the Cemeteries designated for Clergy, those spaces shall be retained by the Owner for burial of priests only.

#### D. INTERMENT REGULATIONS

##### 1. Declaration of Reservation:

- a) The Certificate Holder of a burial lot, crypt, niche or space may, at their discretion, present the Certificate of Interment Rights to the Owner and designate persons entitled to be buried in the lot, crypt, niche or space for which interment rights were purchased.
- b) In the event the Certificate Holder fails to designate burial rights for the lots, crypts, niches or spaces, the right of interment in the remaining lots, crypts, niches or spaces shall be in the following order:
  1. One crypt, niche or space shall be reserved for the Certificate Holder and one for the Certificate Holder's spouse, if any;
  2. Right of burial in the remaining spaces shall be governed by the terms of the Certificate Holder's Last Will and Testament as probated or pursuant to intestate succession as provided for in the Alabama Statutes.
- c) The burial rights in all spaces conveyed shall be presumed to be the sole and separate property of the person or persons named in the Certificate of Interment Rights.
- d) A Certificate Holder may amend his declaration of reservation at any time.

##### 2. Interments and Disinterments:

- a) All charges and fees for interment services and interment rights must be paid in full before an interment is made in a particular interment space within the Cemeteries. All fees for disinterments must also be paid in

advance. All charges and fees are payable at the office of the Owner. In the case of billings directly to the funeral homes, charges and fees are due within thirty (30) days from the date of interment.

- b) The Owner must be provided with at least 48 hours advance notice before an interment can be performed. Exceptions will be made only in cases of death from contagious disease or when so ordered by an authorized representative of the Owner.
- c) As a condition of performing any disinterment, the Owner requires written authorization signed by the Certificate Holder and the deceased's authorized agent as determined by applicable state law, on a form approved by the Owner. All disinterments must be conducted in accordance with state and local law. One week's notice is required for disinterment or removal of a body.
- d) All interments shall be in a liner or vault of concrete or steel or other type subsequently approved for use by the Owner unless prior written permission is granted by the Owner. Each liner or vault shall be identified by an identification tag attached to the outer burial container by the Owner's representative prior to interment.
- e) Interments and disinterments are not permitted on Easter, Thanksgiving, Christmas Day, Holy Days or other holidays unless, in case of special circumstances, written approval is granted by the Owner.
- f) No more than the remains of one body can be interred in any one space, single vault, crypt, or niche, except in the spaces designated for Infant burials. With consent of the Owner and the Certificate Holder or heirs of the Certificate Holder, an exception can be made to permit one full size interment and an infant burial or the burial of cremated remains of one person in one space, vault, crypt, or niche; but, in no event, shall the cremated remains of more than 3 people be permitted in any grave space.
- g) All cremated remains must be interred and appropriate arrangements for such interment must be scheduled with the Owner. It is prohibited for cremated remains to be scattered in the Cemeteries.
- h) In the absence of the Certificate Holder's declaration of reservation, or other legal evidence of interment rights, the Owner reserves the right to refuse to open any burial crypt, niche, or space and to refuse interment in any specific crypt, niche, or space. If an interment space in a specific crypt, niche, or space cannot be opened for any reason to accommodate interment or entombment, to prevent the delay in a funeral service, the Owner may provide a crypt, niche, or space in another location that it deems best and

proper. The Owner shall not be held liable in any way as a result of such action.

- i) In lots, plots, crypts, niches and spaces owned by a church, order, ministry or other organization interment is limited to members and/or spouses and immediate family members, unless otherwise provided by Certificate of Interment Rights.
- j) The Owner shall not be liable for any delay in interment where protest by the legal representatives or heirs have been made, or where the Rules and Regulations have not been complied with. The decedent's remains are the responsibility of the decedent's family, heirs, or personal representative until properly interred. Should any legal process or question prohibit the Owner from interring any person in the Cemeteries, it shall be the responsibility of the family, heirs, or personal representative to store such remains until the protest is resolved. In the event the Owner incurs any costs due to any such protest, it shall be the responsibility of the family, heirs, executor, etc. to reimburse the Owner for any such expenses.
- k) The Owner is not liable for the interment permit, or for the identity of the remains brought for interment, nor for the embalming of the body.
- l) Caskets containing remains, once interred, will not be opened or removed without the written consent of legal representatives of the deceased and/or an order from a court of competent jurisdiction. The Owner shall not be liable for any damages that may result from a removal. The Owner reserves the right to make adjustments to the placement of the casket in the Cemeteries.

The Owner shall exercise due care in making disinterments, but shall assume no liability for damage to human remains, casket, outer burial receptacle, or urn in making a disinterment in accordance with written instructions of the next of kin and Certificate Holder or his or her duly authorized representative. When a disinterment is to be made from one grave to another grave and an outer burial container was not used for the original interment, an outer burial container must be furnished by the Certificate Holder or next-of-kin for a new interment. The Certificate Holder, next-of-kin or authorized agent must furnish a new outer burial container prior to reinterment if the Owner determines the structural integrity of the existing outer burial container has been compromised.

- m) Funeral processions entering the Cemeteries shall be under the control of the Owner. Funeral directors shall be present and conduct services as provided by local and state law.

E. MEMORIALS, FOUNDATIONS AND INSTALLATION

1. Particularized rules and regulations related to memorials, foundations, and installation of memorials for individual cemeteries operated by Catholic Cemeteries, Inc. are set out in Exhibit B attached hereto.

2. Catholic cemetery is a place that serves the faithful and witnesses to the Good News of Jesus Christ and the hope we share in the resurrection. To this end, it is a place where signs and symbols of our Catholic faith are displayed with pride and reverence. Inscriptions on memorials, grave markers or monuments are permitted so long as they do not conflict with any teachings of the Church. The determination as to the appropriateness of any inscription is within the sole judgment of cemetery management in consultation with the Archbishop of Mobile.

3. No memorial or foundation shall be placed in or removed from the Cemeteries without the prior written authorization of both the Owner and Certificate Holder of the particular crypt, niche or space and the deceased's next-of-kin, or their respective authorized representative(s), except if, and to the extent necessary, for purposes of routine maintenance and landscaping. The Owner shall have the right to move memorials and foundations without prior authorization if such action is necessary for an interment, disinterment, maintenance, repair or upkeep in the Cemeteries.

4. All cemetery charges and fees for interment rights, memorials, memorial placement, memorial installation inspection fees and other applicable charges and fees must be paid in full before any memorial or foundation may be placed on any interment space within the Cemeteries. Any memorial which is placed prior to full payment of all such charges may be removed by the Owner, at the Certificate Holder's expense, if full payment is not made within ten days of demand therefor.

5. In the event a memorial or other object is placed or constructed in the Cemeteries without the authorization of the Owner and other appropriate persons as provided herein, the Owner reserves and shall have the right, at the Certificate Holder's expense, to remove any unauthorized memorial or other object.

6. The Owner reserves and shall have the right to correct any error that may be made in the location or placing of memorial, foundation, or other embellishment within the Cemeteries. The Owner shall also have the right to correct any inscription errors its employees or contractors inscribed, including an incorrect name or date on a memorial, nameplate, urn, or other item. The Owner shall have no liability as a result of any error of the type described in this section, other than the obligation to correct it. The Owner has no responsibility for inscription errors by third parties with whom Certificate Holders contracted, and Owner shall not be held liable for inscription errors made by third parties.

7. The Owner's contractors or employees will mark the appropriate space for memorial placement. All memorials are required to have a concrete foundation, poured or dry mixed. All memorials in the Cemeteries shall be installed by a licensed memorial representative or by the Owner's contractors or employees.

8. Should a monument dealer need to access areas off of hard surfaced roads, that person must receive guidance from employees of the Owner as to where the vehicle may be driven over the grounds. Payment for any damages that may occur in the course of a monument installation shall be the responsibility of the monument dealer.

9. The Owner is in no way responsible for the preservation and care of any memorials installed in the Cemeteries.

10. Should any memorial become unsightly, dilapidated or a nuisance, the Owner shall have the right to repair the memorial or, at its option, to remove and replace same. The cost of any repair, removal or replacement shall be paid by the Certificate Holder.

11. The Owner reserves the right to stop all work of any nature in the Cemeteries, whenever, in its opinion, proper preparations therefor have not been made, or when tools and machinery are insufficient or defective, or when work is being executed in such a manner as to threaten life or property, or when any reasonable request on the part of the Owner has been disregarded, or when work is not being executed according to the Owner's specifications and installation requirements.

12. The Owner reserves and shall have the right to inspect the completed installation of any memorial, memorial foundation or outer burial container performed by contractors and determine that the installation was performed completely and in accordance with the Owner's specifications and installation requirements. If the Owner determines that the installation was not completed or properly performed, it shall notify the contractor and require that any deviations from the specifications and installation requirements of the Owner be expeditiously corrected. If any deviation is not immediately corrected, the Owner may make such corrections and charge the Certificate Holder for such remedial work. If it is not possible or practical to correct the deviation, the Owner may, in its discretion, remove the installation. Any contractor who willfully violates the Rules and Regulations, specifications or installation requirements of the Owner shall be prohibited from performing any further work in the Cemeteries.

13. The Owner shall not be responsible for any defects in material or defects in workmanship, errors or omissions relating to outer memorials, or foundations purchased from and/or installed by persons or entities other than the Owner.

#### F. MAUSOLEUM REGULATIONS & COLUMBARIUM

1. No entombments shall be made in any above ground crypt unless the remains of the deceased to be entombed therein have been embalmed; provided however, that the Owner may, in its discretion decide to allow entombments of unembalmed human remains if the casket containing such remains is placed in an outside container acceptable to the Owner, which container is constructed and designed to resist the leakage of body odors and fluids. The cost of said container will be the responsibility of the person arranging for the entombment.

2. The cremated remains of only one (1) person shall be placed in each cremation niche. All remains must be in a durable container that will fit within the inside perimeter of the

10 ½” x 10 ½” niche. The Owner reserves the right to further limit the size, type, style, and materials of the container to be placed in a cremation niche.

3. Crypts and niches will only be opened and sealed by employees or authorized contractors of the Owner. This applies to both the inside sealer and the crypt or niche front.

4. Mausoleum crypt decorations and cremation niche decorations shall be limited to such decorations as may be placed in permanent vases. The use of decorations which are either placed on the floor, or freestanding easels, or on wrought iron stands, or which are attached directly by wire, tape, glue or such other similar method, is strictly prohibited.

5. Attachment of any flowers, wreaths, signs, insignia or any other adornment to any crypt or niche front is strictly prohibited. Any violation of this rule will cause the immediate removal of same without prior notice or compensation to any party. Artificial flowers will be permitted in the vases on the crypt or niche fronts year round if a permanent vase is attached to the crypt or niche front. No fresh flowers shall be allowed in crypt or niche front vases. Any flower arrangements which become unsightly or exceed the perimeter of the crypt or niche front, to which the flowers are placed, will be removed.

6. Entombment procedures shall be under the exclusive control and direction of the Owner’s employees or contractors. For safety reasons, where the location of the crypt or niche necessitates the use of the elevating device to place the remains in the crypt or niche, the Owner shall determine who shall be responsible for the operation of the device and the placement of the remains. The Owner reserves the right to limit the number of mourners and visitors attending the entombment procedure.

7. The Owner will exclusively provide and install all lettering on crypts or niches. The inscription shall be limited to the deceased’s first name, middle initial, and surname with the years of birth and death. No other lettering is allowed without written consent of the Owner which may be withheld in Owner’s sole discretion.

#### G. RESOLUTION OF DISPUTES

Any dispute arising out of or relating to the Owner contract, performance under the contract, or the breach thereof, including but not limited to the threshold questions of arbitrability and the formation of this arbitration agreement, or matters relating to any interment shall be finally resolved by binding arbitration administered by the American Arbitration Association under its rules, and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction. The arbitration shall be conducted in the English language in the City of Mobile, Alabama, applying the laws of the State of Alabama. There shall be one arbitrator who shall be selected in accordance with the procedures of the American Arbitration Association. Each party shall pay one half the cost of the arbitrator. In no event shall punitive damages be awardable by the arbitrator in favor of either party, unless specifically authorized by applicable statute. Each party waives its right to jury trial.

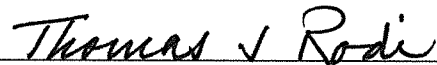

H. MODIFICATIONS AND AMENDMENTS

1. The Owner hereby reserves the right, at any time or times, with or without notice to Certificate Holders, to adopt new Rules and Regulations, or to amend, alter and/or repeal same at any time. A copy of the Rules and Regulations, and any amendments thereto, shall be made available for inspection upon request to the Owner.

2. Circumstances may arise in which the literal enforcement of the Rules and Regulations may impose unnecessary hardship. The Owner, therefore, reserves the right, without notice, to make exceptions, suspensions, or modifications in any of the Rules and Regulations when, in its judgment, the same appear advisable. Any such temporary exceptions, suspension or modifications shall in no way be construed as affecting the general application of these Rules and Regulations.

ADOPTED this the 12th day of March, 2019.
